

## LEWIS SHINER HIDES ON ROOF OF HIS HOME

Forty Gallon Still and Eight Barrels of Mash Taken By Lewis County Sheriff and Deputy—Found in Hollow.

Vanceburg, Ky., July 13. — On a quiet tip from Mr. Jeff Henry, who lives near Carr's Station, Sheriff Lykins and Deputy Smith McGill slipped to that place Monday night and after locating a still up a hollow on the farm of Mr. Henry, proceeded to await the arrival of the owner of the still. The officers had a long vigil as the alleged owner of the still did not put in his appearance till morning.

"Which do you wish to do, fight it out or go peacefully," exclaimed the sheriff. Go peacefully, said the man, who proved to be Sherd Johnson.

Eight barrels of mash was destroyed, according to the sheriff, and the still, which was a complete copper outfit of about 40-gallon capacity, along with the prisoner, was brought to town.

Johnson was put under \$500 bond which he gave for his appearance at the September term of the Circuit Court.

After capturing Johnson, the officers took him to the house, he claiming that he wanted to change trousers. The sheriff accompanied him into a room, and Johnson, on going into a little side room, supposedly after wearing apparel, managed to elude the officers for a time, but after a search which continued for nearly two hours was found hiding on the roof of the house. He made no resistance.

July 15, is the last day for discount of July 1st telephone bills. 6July9t

### CHILD FATALLY ILL.

Only because Mrs. David Ashmore asked to take a look at little Ada May, daughter of Mr. and Mrs. Harry Davis, when Mrs. Davis was taking the child a ride Sunday, was discovery made that the little one was fatally ill. Mrs. Ashmore informed the mother of the child's condition as soon as she looked at it, and the mother immediately summoned a physician, who informed her that its condition was beyond aid. The child had not been well and passed away in a short time. — Ripley Bee.

### WHAT IS A RIDDLE WOMAN?

See the answer to this question in the Pastime Thursday when Geraldine Farrar appears there in a big super-production. A rogue thinks women are only man's plaything, passes from one to the other until he finally meets the "Riddle Woman" who checks his gall; she fights for the future of other women as well as her own. This is an extra big feature and all women should see this great play, it shows what a woman can do. One day only, see it.

## FORMER LOCAL PASTOR DIES AT VIRGINIA HOME

Dr. Robert B. Garrett, Built Local Baptist Church and Was Honored Member Maysville Commandery.

Local friends have just learned of the death at his home near Richmond, Va., of Rev. Dr. Robert B. Garrett, pastor emeritus of the First Baptist church of Richmond, and former beloved pastor of the Maysville Baptist church.

Dr. Garrett was one of the most popular pastors the local church ever had and during his pastorate here the beautiful house of worship now used by the congregation was erected. The erection of such a beautiful house was much due to his activity and popularity.

Dr. Garrett was an honored member of Maysville Commandery No. 10 Knights Templar and in his younger days took great interest in Templar Masonry.

He served some of the most important Baptist churches in the South as pastor and was retired on a good sized salary and presented with a beautiful country home by the Richmond church which he had served for a number of years. His death is learned with great regret here.

### OLD TOMB STONE USED AS HEARTH STONE.

In remodeling the Eagles home at the corner of Front and Market streets an old hearth stone was torn out, the reverse side of which shows that it had been used originally as a tomb stone at the grave of one of the pioneers of Maysville. Although the top of the stone was broken off, the following inscription can be plainly read: "Daughter of Andrew and Sarah January who was born 28th of April, 1820 and departed this life, May, 1833, aged 13 years, 1 month and 1 day."

### MASONIC NOTICE.

Special communication of Maysville Lodge No. 52 F. & A. M., Thursday evening at 7:30 o'clock. Master Mason degree will be conferred upon a class of two. All members urged to attend and visitors made welcome.

ERNEST GARDNER, W. M. C. P. RASP, Secretary.

### CARNIVAL PASSES THROUGH.

Because of railroad embargoes the carnival scheduled to arrive here yesterday for a week's stay, was unable to stop. The railroad company accepted them only to be moved to the end of their line at Covington and it was necessary for the company to cancel their contract here.

### BAPTIST PRAYER MEETING.

Regular mid-week prayer meeting will be held at First Baptist church Wednesday evening at 7:30 o'clock. The pastor will be in charge. Following the prayer service, the regular weekly meeting of Sunday school teachers will be held.

## FORMER MASON COUNTY COLORED PASTOR IN TROUBLE

"Dr." Washington, Until Recently Pastor of Washington Colored Church, To Be "Churched" By Colored Methodists.

The Augusta Chronicle says: On Friday of last week there was quite a gathering of the leading ministers of this section of Ohio and Kentucky at St. Paul M. E. church, colored. Among the present were, Rev. Carroll, district superintendent of Ohio with headquarters in Cincinnati; Pastor Pope, of Flemingsburg; Pastor Ross, of Covington; Pastor Hickman, of Maysville; Pastor Woods, of Portsmouth, and Pastor White, of Augusta, the latter acting as secretary of the meeting.

The deliberations of the above named gentlemen were somewhat delayed owing to the non-arrival of W. G. W. Washington, formerly of Washington, Mason county, but who now has charge of a church at Columbus, Ohio, as pastor. But the fact that Dr. Washington did not show up, did not prevent the ministers from investigating the charges that had been preferred against him.

While the investigation was held behind closed doors, we are informed that the charges preferred against Dr. Washington grew out of indiscretions committed at the colored camp meeting held at Augusta last summer, the climax arriving with the birth of a boy bay to a young colored girl, about 17 years old, six weeks ago.

Dr. Washington is built on the order of Jack Johnson and resembles the noted fighter in both looks and color, and if reports are true he had a most winning way with the ladies.

We were unable to learn exactly why this dusky individual failed to face his accusers—whether he thought an outraged father would work on him with his rusty razor or a two-handed club, or that he would be placed under arrest for his alleged crime. But at any rate, he did not follow the example of his illustrious namesake, by being "first in war, first in peace, and first in the hearts of his countrymen." He remained in that den of Columbus, safe from harm, as well as avoiding the accusing eyes of the mother and father of the young girl he is accused of wronging.

While Dr. Washington failed to appear at the trial here, it is not thought that he will be so successful in evading the meeting called at Covington on July 23. The general impression seems to be that this Jack Johnsonian preacher will be unfrocked.

### DIRTY WORK.

A number of Augusta fans went to Maysville Sunday to witness the Maysville-Cynthiana ball game. Shaw started the game and pitched gilt-edge ball, the Augusta rooters claiming that he would have won his game by a score of 4 to 1, but for the fact that some of the Maysville players "laid down" on him purposely, thus putting him in the hole, and he was taken out of the game in the eighth, with the score tied. Maysville players "have it in" for Mentor because he refused to enter a contest to drink all he moonshine and home brew brought to that place. Shaw is a graduate of the Augusta high school, and spent four years here, and our people know him to be a good, clean youngster, and they realize that it is for his own good that he should cut loose from the roughneck bunch that are doing him dirt on the Maysville team. — Augusta Chronicle.

### BLOW ON HEAD CAUSED SMALL CHILD'S DEATH.

The burial of the two-year-old daughter of Mr. and Mrs. Charles Cox, of the West End, was held Thursday afternoon at 2 o'clock in the Maysville cemetery. The little girl fell on the concrete sidewalk and struck her head while at play one day last week. It was not thought that the child was badly injured but there were developments which finally caused her death.

### FREE.

Look kids! We are giving you a free show Friday morning at 9:30 at the Pastime. Come and see Robinson Crusoe and his man Friday, no one admitted over 12 years and you are going to have all the fun you want. Then we are going to show you how you can see the rest of the serial at one half the price. A souvenir to each child. Be there at 9 a. m. sharp.

### \$50,000 BOAT FIRE.

Evansville, Ind., July 12. — The steamer Robert Gordon, Evansville-owned towboat, burned here early today and two barges were damaged from fire of undetermined origin. The loss was estimated at \$50,000.

Ledger Service—Efficiency.

## MOONSHINER IS KILLED BY POSSE

Whisky Makers Opened Fire On Officers In Bell County Mountains—Three Armed Men Escaped.

Pineville, Ky., July 12. — One man as yet unidentified, was killed by government raiders in the mountain back of Ferndale this county, Tuesday afternoon when they surprised four men at work at a new still.

The moonshiners opened fire on the posse when commanded to surrender, according to the report of John Wilson, prohibition enforcement agent in charge of the posse, members of which returned the fire in self defense.

One of the men at the still fell dead, the other three making their escape. Because of the nearness of the three escaped men who were armed with high power rifles, the posse broke up the new still and destroyed five hundred gallons of beer and left hurriedly, notifying a neighbor in their retreat to go take care of the dead man.

### FORMER MAYSVILLIAN TO ADMINISTER BIG ESTATE.

The will of Mrs. Susan W. Longworth, mother of Congressman Nicholas Longworth, who died June 27, was filed in Probate Court Wednesday. Servants of Mrs. Longworth, who have been in her employ for more than a year, and the Cincinnati Symphony Orchestra Association Company are named in the will.

Her estate was estimated at \$150,000 in personality and \$10,000 in real estate in an application to administer, filed in connection with the will by Congressman Longworth and Buckner A. Wallingford, Mrs. Longworth's son-in-law, who were named by her to act as executors without bond.

The residue of the estate is divided equally among the deceased's three children.

### FELT'S TRIAL TONIGHT.

The case against James Feltus will be tried in Judge Curran's City Court Thursday evening at 7 o'clock. This case grew out of an argument over the present railroad strike. Feltus is alleged to have struck Riley Kennedy, a fellow employee of the L. & N. Railroad over the head with a club. Feltus was arrested on a breach of the peace charge but on Wednesday Kennedy appeared in court and made affidavit changing the offense to an assault and battery.

### KENTUCKY NEWSPAPER MAN HEADS SOUTHERN ASSOCIATION.

Charles I. Stewart, general manager of the Lexington Herald, has been elected President of the Southern Newspaper Publishers' Association at the annual mid-summer meeting held this week at Asheville, N. C. Mr. Stewart has served this association a number of years as vice president and as chairman of the newspaper committee.

### DEGREE TEAM PRACTICE HELD TONIGHT.

Pisgah Encampment 1. O. O. F., degree team will meet at DeKalb hall in Second street at 7:30 o'clock Thursday night for practice and all members are expected to attend. Other Patriarchs who will assist in conferring the work are also asked to attend this meeting.

### BUILDING PAVED ROADS IN MAYSVILLE CEMETERY.

Governor W. H. Cox, of the new Maysville cemetery, has a force of men now engaged in building concrete roads through the cemetery. This company is continually improving their city of the dead and the paved roads will make a great improvement.

## AUXILIARY PUMP IS ORDERED FOR LOCAL PUMP HOUSE

Maysville Water Company Compiles With Demands of State Insurance Board to Prevent Rate Increase For the City.

The Maysville Water Company has just placed an order for a new pump identical with the pump they are now using at the local pumping station. They have a contract for the completion of the pump within four weeks' time and they hope to have it installed immediately upon its delivery to Maysville.

The installation of this auxiliary pump was demanded by the Kentucky Actuarial Bureau when they recently made a complete survey of Maysville and discovered that the local pumping station did not comply with the requirements of their code to ensue the property owners of Maysville to be entitled to the present rates enforced here for fire insurance.

The state bureau was about to order a considerable increase in rates for the entire city of Maysville until the matter was taken up with citizens and city officials and the Maysville Water Company was asked by Mayor Samuel to install the auxiliary pump as required by their franchise and the state's insurance code.

### BOY BILLY DOYLE STOPS OVER ON WAY WEST.

Billy Doyle well known scout for the Detroit Tigers, who has taken many a youngster from these sections to the big leagues is the guest of Claude Watkins, president of the local club and witnessed the game between Winchester and Maysville. Doyle is on his way to the Kitty League where he has several prospects for the big show, and stopped over to look at first baseman Harding of the Cardinals, and John "Rasty" Wright of the Winchester Dodgers.

### PLENTY OF SCHEDULES AT THIS OFFICE.

The Ledger has plenty of Bluegrass League schedules for the benefit of the fans who like to make their plans ahead of time for attending the games in the circuit. All fans desiring a complete schedule of the second half of the league may secure one at the Ledger Office.

Misses Evelyn Cabbish and Bruce Henry left Wednesday for Camp Mammoth Cave to spend two weeks.

## OIL SUIT FOR \$160,000 IS FILED IN U. S. COURT

Conspiracy to Obtain Money and Royalty of Wells Estate, Is Charged.

Suit was filed in Federal Judge A. M. J. Cochran's court Wednesday by W. N. Cope, attorney for Lillie C. Wells, administratrix of J. J. Wells, deceased, and I. S. Sparks, guardian of the four Wells children, against W. E. Fitzgerald of Columbus, Ohio, and R. W. Richards of Washington and others to recover \$60,000 in cash and oil property valued approximately at \$100,000, alleged to have been gained from Wells by conspiracy.

In the petition the plaintiff alleges that the "defendants, by reason of a conspiracy among themselves, in order to procure from the said Jack Wells, deceased, a one-half interest in the oil royalty in and under the land described in this complaint, carried out a well-laid plan to report falsely a salt water well, and that in doing so they did falsely and fraudulently procure some instrument of writing from Jack Wells by the terms of which they received more than \$50,000."

The land upon which the oil well is located is situated on the headwaters of the Billy Ford of Millers Creek in Lee county, and is owned by Mrs. Wells and her four children.

### INTERESTING NEIGHBOR TOWN IN SALVATION ARMY.

Colonel Charles Mohr, who has been in Maysville for some time in the interest of the Salvation Army's Home Service campaign left Thursday afternoon for Germantown to interest the people in that section in the Home Service campaign. Mr. Mohr expects to visit several of the smaller towns in this section in the interest of the campaign.

### LEAVES ON BIG NORTHERN TRIP.

Mr. George W. Laycock, of Dover, formerly Deputy Sheriff, was here Thursday bidding his many friends good bye for he leaves Sunday for an extended visit with a son in the state of Washington and will also spend some time in Canada.

### LOCAL FANS WILL GO TO LEXINGTON.

Quite a number of local ball fans are planning to go to Lexington next Sunday to witness the battle between the Cardinals and the Lexington club. The same two teams will battle on the Lexington park next Saturday afternoon.

## FORGERY CHARGED AGAINST SALESMAN WHO MAKES ESCAPE

Automobile Salesman Charged With Having Passed Five Forged Checks and "Skipped" Board Bill Is Sought In Many Cities.

The police of several nearby cities have been asked by the local police to assist in the search for D. T. McCouff, who until a few days ago was an automobile salesman at the Central Garage this city.

Only a couple of days ago local merchants began to receive as returned from the banks checks which they had cashed for McCouff which had proven to be forgeries. Five such checks are in the hands of the police, each is for a different amount ranging from \$25 down to \$5. Each was cashed at a different store and to each check a different name had been forced. The names used were the names of local people in each instance.

McCouff is also charged with having "skipped" a thirty dollar board bill in this city.

Local police trailed him Wednesday as far as Ripley but they learned that he had taken a train from that point early Wednesday morning for Covington but he could not be located in Covington. Police believe that they will soon locate the man and return him here for trial.

### BOY JUMPS IN FRONT OF TRAIN.

Calvin Fuchs, 12, living on the Wooster pike, near Plainville, jumped to immediate death in front of a Pennsylvania passenger train Thursday morning at Luca's crossing, near the Gwentico camp on the Little Miami River near Cincinnati. The boy was riding on the rear of a load of lumber being driven by his uncle, Wm. Hornman, with whom he lived.

The uncle and a farm hand were on the front seat and the front of the wagon had passed safely over the tracks ahead of the approaching out-bound train when the boy became afraid that he would not escape and jumped. He landed in front of the train and his body was ground to pieces.

### ADVERTISING MATTER FOR CARDINAL BAND.

Colonel J. Barbour Russell was in Cincinnati Thursday making contracts for advertising matter for the Cardinal band's engagement at the Kentucky Stat. Fair. He also expects to place an order for souvenirs to be distributed at the fair by the band members.

## THE HOME OF QUALITY CLOTHES

### Just Because the Weather is Hot

That's no reason why you should be. There are several ways to be cool—one of them is to wear cool clothes. What's the use of the cloth experts sitting up nights to devise raiment that will keep you out of the heat, unless you are going to take advantage of it? And you can get clothes that are tailored right up to the minute. We have the evidence. Palm Beach, Gabardine, Cool Cloth. At pleasing prices.

### BATHING SUITS.

WILL ADD AN EXTRA ROOM TO YOUR HOME

AT SMALL COST

And it will be the most popular place around the house. Aerolux Shades have the Patent No Whip feature which prevents them from flapping in the wind. They are so constructed that all of the hot sun stays out and the cool breezes come in. They insure the greatest privacy to you. Be sure your Porch Shades are Aerolux. Merr Bros. have the exclusive agency.

## The Laundryette

Makes Your Dreams Come True On Wash Day

If dreams came true on Wash Day what would you have? You would place your clothes in a tub, leave them and in 15 minutes come back to them and find them washed. You would then press a button and in one more minute you would have them dry enough to hang on a line. Then at night when the clothes were ready to be put away, if dreams came true, there would be no broken buttons or smashed hooks and eyes to sew on; for your clothes did not go through a cruel wringer. THE LAUNDRYETTE WASHING MACHINE does all of this for you and much more. Come in, we are anxious to show you.

## OUR POLICY:

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the county as a whole.

## MAYSVILLE'S CHAMPION BALL CLUB.

The first half of the 1922 Bluegrass League season has closed and the first game in the second half was won Sunday at the local park by the Maysville Cardinals.

The Cardinals are starting the second season in the same form that brought them through the first half as the best club in the six club circuit. The local club is composed of baseball players of ability. As a whole the club stands out far above the other five clubs in the league. While individually the members may not stand at the head of the fielding and batting list, their team work has won for them the honor of being called Champions of the first half and this will win for them for the rest of the season.

It is understood that every club in the league has been a financial success this year, which demonstrates that Central Kentucky will support baseball and wants league baseball of the better sort. Tom Russell, the worthy president of the league, has had a hard fight to get a chance to prove what he has always contended, namely, that baseball will pay in Central Kentucky. The experimental stage has passed and unless something unforeseen happens or someone throws a monkey-wrench in the cog wheels, the last half should be more successful than the first half and next year should see the Bluegrass one of the best little leagues in America with fast men growing up in every club.

The old Bluegrass furnished the big league many a good one and they'll repeat the stunt.

## WE MUST HAVE ROADS

Mason county, one of the richest counties in the state with a citizenship of the highest caliber, should bow its head in shame at the present condition of its highways throughout the entire county. The main highways are in terrible condition and in this day of extensive automobile traffic, our county is getting one of its worst black-eyes from the stranger because of the almost impassable condition of our trunk line of turnpikes.

On a recent automobile trip from Maysville to Louisville, we were most forcibly struck with the slothfulness of Mason county. The contrast between the roads of Mason and Fleming counties with those of Bourbon, Fayette, Nicholas and all others through which we passed is astonishing.

Mason county needs roads worse than anything at this time and that man or group of men who can devise a plan acceptable to the people of the county for a general system of improved roads will become a public benefactor. Without better roads Maysville will become an isolated spot and Mason county land values will decline.

Let's all turn our attention to better roads and bend every effort toward an equitable and fair system of procuring them before it is everlastingly too late. We have waited too long now. No matter whose fault it is that they have gone so long, it's our fault if we don't do something NOW.

## INDUSTRIAL SCHOOL IS BADLY NEEDED IN STATE

One of the greatest needs in the state of Kentucky is an industrial school for boys.

Our information on the juvenile laws of our Commonwealth is to the effect that the state is at the mercy of boys who are bad enough to cause much trouble and yet who lack a criminal intent in their badness, which in no sense of the word could be called mischief.

There are lads who have, apparently, gotten beyond control of their parents and who cause much trouble not only to the grown-ups, whose property they damage, but to the officials before whom complaint against the youngsters is made.

Officials say there is but one institution in the state to which these bad boys can be sentenced and that is the Greendale Reformatory, a penal institution.

Our state needs an Industrial School such as our neighbor state of Ohio has, to which these really bad boys who cannot be controlled by their parents might be sent for training that will turn their "pep" and vinegar into worth while channels to make them men of value to the commonwealth.

## WHY CAN'T MAYSVILLE HAVE GOOD RACE COURSE?

Ashland is to have a real race course financed by some of the state's best horsemen.

A recent decision of the Court of Appeals makes it possible for racing and the operation of Mutuels at the Ashland Fair and this decision was immediately followed by the announcement that a new race course near Ashland would be built at once.

Interest in racing in Maysville and vicinity is greatly on the increase. There was more interest displayed in Maysville over the Latonia races this year than at any previous time. There is a desire on the part of Maysvillians to again see some good races. Since the days of the old Maysville Fair there have been no races in this section and the people have again become hungry to see the purebreds perform on the turf.

The owners of the Maysville baseball club have plenty of room for a good half-mile track and it's our opinion that should they build on this property a first class race track, the proposition will be a paying one from the start and will furnish the people of this section a chance to again see the sport of kings.

## FATHER DROWNS DESPITE SON'S RESCUE ATTEMPT.

Louisville.—Davis W. Luck, 44, was drowned in the canal despite the efforts of his 14-year-old son, Wallace Luck, who fought desperately to save him. The son exhausted by his struggle, sank with his father and was rescued by Leonard Rakko, 16 years old.

## PEACEMAKER IS VICTIM WHEN STOPPING FIGHT.

Louisville.—When Eugene Wenz, baker, attempted to stop three men who

were fighting he was mistaken for a newcomer in the fight. The three men devoted their time to Wenz, and after beating him for several minutes, drove away in an automobile.

Stop "it" — Chronic Constipation leads to all sorts of ailments, headaches, backaches, indigestion, piles—Take HOLLISTER'S ROCKY MOUNTAIN TEA for constipation and you will sing its praises ever after — Women invariably get great results from it. J. J. Wood & Son. T-July

"ACCUSE" IS SUBJECT OF SERMON ON STRIKES.

Louisville.—That there is no justification for strikes in American life and that selfish demands without regard for the public good lie at their foundation, was the assertion of the Rev. Dr. R. J. Pirkey in his sermon on "I Accuse" at the Broadway Baptist church Sunday morning. Dr. Pirkey said that the only way the present situation can be relieved is for the nation to revert to the ideals of wartime when every industrial organization worked for the public good and selfishness was looked upon as a sin.

## EDITORIAL.

### HOME LOYALTY

BOOSTING A TOWN IS BIG BUSINESS WE CAN ALL ENGAGE IN. And what makes it a particularly happy pastime is due to the fact you are identified with a bunch of "Good Fellows" when you work with the Boosters of a community.

Before going further we want you folks to stop and read the list of Maysville Business Men and Women whose names are appended herewith. You will be impressed with the fact that these people are REAL BOOSTERS OF MAYSVILLE in every sense of the word. And there are many more just like them, both in the business and citizen life of this city.

You will also agree with us, friends, that these Business Firms, and in fact all the business people of Maysville are not only good Boosters but dependable servants of our purchasing public who are anxious and ready to serve you with merchandise and service at prices and involving quality they can afford to stand back of. THAT WILL MAKE THEM REALLY WORTHY OF YOUR PATRONAGE AS NEIGHBOR WITH NEIGHBOR.

But back to Boosting. The thought occurs to us that YOU CAN'T SAW WOOD WITH A HAMMER. The particular "hammer" we are referring to is the one used when a person spends money away from his own community for purchases THAT CAN BE MADE JUST AS SATISFACTORILY AT HOME. It is the same hammer that has beaten into insensibility the towering hopes of many hustling American towns that would have otherwise made cities worthy the name.

In other words, however small the habit of some Maysville citizens may be in spending their money away from our city, JUST TO THAT EXTENT ARE THEY OBSTRUCTING THE PATH to the big, wonderful goal we have elected for ourselves.

It is not the intention of the Maysville Business Men to dictate to you good people in this matter. They are more than appreciative of your fine patronage of the past and their anticipation of the future is only inspired by their eager desire to make possible a Great Forward Movement for Maysville and Maysville property owners and citizens.

AND THE FOUNDATION FOR THIS RESULT MUST BE A FINANCIAL FOUNDATION that calls for keeping every cent of these resources within ourselves to be re-invested and re-spent to the advantage and profit of we Maysville folks.

This kind of HOME LOYALTY means good times for Maysville; EMPLOYMENT for those who need it and PROSPERITY for all.

## LETCHER TO MAKE SURVEY OF SUNBELT HIGHWAY.

Whitesburg.—The Letcher fiscal court has arranged for the early beginning of the survey on the Cumberland Mountain Highway which is to extend down Cumberland river by way of Harlan to Pineville to the Dixie Highway. The road will pass over Cumberland Mountain at one of its roughest places. It is expected that actual construction will start at once.

## FUNERAL SERVICES FOR LOUISVILLE CAPITALIST.

Louisville.—Funeral services for

Karl B. Grahm, Louisville capitalist, were held at the Fourth Avenue Baptist church, conducted by the Rev. J. F. Fraser, pastor of the church, and the Rev. Dr. E. Y. Mullins, president of the Southern Baptist Theological Seminary. Burial was in Cave Hill cemetery.

## ARMED HIGHWAYMAN ROBS 9 YEAR OLD OF 52 CENTS.

Newport.—An armed highwayman held up and robbed Mildred Messink, 9, Newport, of 52 cents, as the child was passing a lonely spot, on her way home. The man, pointing a revolver

"Your Engine Is In Fine Condition"

This is the usual report after an inspection of a motor that throughout all of its service-life has been kept properly lubricated with the right amount and the right "body" of motor oil. Stanocola Polarine possesses lots of that very important property of a true lubricant—that is, "oiliness." It reduces frictional wear, forms a perfect piston ring seal under all conditions of clearance, temperature, speed and load; prevents excessive carbon deposits, gasoline waste and dilution of oil in your crank case. To keep your car from a premature old age, put no motor oil in it but

#### INTERESTING LETTER TELLS OF RICHES IN NORTH CAROLINA

Productiveness of Soil Is Extolled By  
W. H. Meenach Who Is  
Spending a Few Days  
In That State.

Winston-Salem, N. C., July 6, 1922.  
Editor Public Ledger:

Another glorious fourth has come and gone, and whether the wonderful demonstrations pulled off in this part of the Lord's moral vineyard has made the Tar-heeler a better citizen and

truer American, deponent knoweth not. At any rate the tar-heel Senators come down from Washington to orate and tell what he had done for the country and what he was given to do, and incidentally to patch up all the weak places in his political fences. The dawning of the fourth found us at Wilmington, N. C., watching the multiplied hundreds flocking to that city to enjoy the sea breeze, and also to enjoy the bathing beach at Wrightsville. New bathing costumes were in evidence by hundreds and if one had been so mean as to have purloined a bit of a young man's bathing suit as big as a handkerchief he would have taken the whole of it. The young ladies, the Lord bless them, could slip into a bathing suit with the agility of a movie star, however, as our descriptive faculties were always deficient in feminine apparel, we can only say these suits were very much abbreviated at both ends, and if the young ladies escorts stepped so high that his pedal extremities became entangled in the lady's skirt, he could be classed for life as a high stepper. There was fine entertainment at the beach, silver-tongued orators to address all those who cared to listen, elegant music and dancing, they said the music was fine, but we would have far preferred to hear such good old tunes as "Old Zip Coon," "Natchez Under the Hill," and "Bib Bob Winkler."

The drill of the life saving guard was indeed something worth seeing. Wilmington is situated on Cape Fear river, thirty miles from the Atlantic Ocean. Large sea vessels can go up the river ten miles above Wilmington, and not only the country in which

## August 6th to 13th, Inclusive

Wilmington is located but in the adjoining counties as well, are noted for their productive soil and the diversity of their production. How Wilmington ever attained a population of 35,500 we can't tell, it is a city without mills or factories, however, Wilmington is only representative of many cities of this wonderful state with resources only waiting the progressive spirit to stir

its people into activity.

We left this city by the Sea and turned our face towards Charlotte a city of 46,500 population. On our journey to Charlotte we traveled a distance of 190 miles and strange as it may seem, we never, in all that distance, saw a farm that was fenced. The farm buildings were poor, but the land showed all signs of being productive. We have been in the state almost two weeks and have seen no one work but the negroes. North Carolina is a rich inheritance to her people, but they lack the energy and progress to develop what a bountiful Creator has given them. At Raleigh great preparations were made for a grand parade by the Ku Klux Klan however at the time appointed for the masked riders in full regalia to appear the windows of heaven were opened and rain fell in torrents and the Klan stayed in their tents. This state was the stronghold of the Klan after the Civil War, and it was here that Dixon wrote his three books, "The Leopard Spots," "The Chainsman," and "The Traitor." We have never been able to understand why this organization was resurrected, if it had a purpose that purpose has long since been served, and whether true or not there has been some pretty shady reports regarding the spirit and intention of this resurrected Klan. We have been told they claim a monopoly of patriotism, and at the same time undertake to administer justice in place of appealing to the courts. We have never been able to recognize patriotism by trampling the majesty of the law under our feet. W. H. M.

It is "certain" but harmless—HOLLISTER'S ROCKY MOUNTAIN TEA—great for Headaches and Constipation. Women strongly recommend it. J. J. Wood & Son. T-S-JULY

build up our national interests.

"Local pride ought to be sufficient to induce every individual in Lynchburg to buy local products, but experience demonstrates that pride in the achievements of the community is not a sufficient incentive, there or elsewhere. There must be community action in order to promote the common welfare; and so it is in national affairs. Lynchburg is a peanut growing community, and every American, whether residing in the vicinity of Lynchburg or in the farthest corner of the United States, should buy and consume American peanuts if possible. But experience shows that importers, always looking for the largest margin of profit, will buy peanuts in Asia at a low price and bring them here to be sold without any information as to the place of production. For the purpose of limiting that sort of business, and compelling the importer to contribute to the support of American institutions, the Republicans propose to place an adequate import tax not only on peanuts but on every other commodity which can be produced in this country but which can be imported cheaper from some other country.

"The purpose of the Republican protective tariff is pretty much the same as one of the purposes of the Lynchburg Chamber of Commerce, which Senator Glass wants the people to tax themselves to support—to induce the buying of home products. Every local Chamber of Commerce in the home town of every Democratic Senator or Congressman has the same purpose. Yet Senator Glass and his Democratic colleagues refuse to see the similarity or the application of the same principles in the two cases.

"We would suggest that the next time the Senator's paper makes a plea for the purchase of local products it point out any reason why there should not be national community action to encourage the purchase of American products by Americans everywhere."

#### HELPTHE OLD FOLKS

A Helping Hand Extended to Many Old People in Maysville.

The infirmities of age are many. Most old people have a bad back. The kidneys are often weak. Or worn out with years of work. Backache means days of misery. Urinary troubles, nights of unrest. Doan's Kidney Pills have helped to make life easier for many.

The year doing so for old and young. Maysville people are learning this. Read the following local endorsement: Charles Kennitt, retired farmer, 81 Wood street, Maysville, says: "I have used Doan's Kidney Pills several different times within the last few years and never had them fail to do me good. My kidneys were in bad shape. The secretions were unnatural and burned terribly in passage. My back kept me in misery during the time the attack lasted and I was feeling generally run down. I went to Wood & Son's Drug Store and got a couple of boxes of Doan's Kidney Pills and began using them. Doan's reached my case at once and cured me up in good shape. I have always relied upon Doan's since and a few now and then regulate my kidneys and keep them in good condition." Price 60 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Kennitt had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

#### WORKS FOR CHILL MUST KEEP WELL

Mothers in a Like Situation  
Should Read This Letter  
from Mrs. Enrico

Chicago, Illinois.—"I took Lydia E. Pinkham's Vegetable Compound for a serious trouble, I had tried doctors and all said the same—an operation. At first I only felt the pain on my left side but later I seemed to feel it on both sides. I am a power sewing-machine operator and have a little girl to support. I work in a tailor shop and that line of work has been very slack this year and I am home part of the time. I do not like to take any chances, so I consulted my friends, and one lady said, 'Take Lydia E. Pinkham's medicine,' so I did. I have felt better right along and am in good enough health to go to work. I recommend your Vegetable Compound and Sanative Wash to all."—Mrs. MARY ENRICO, 459 N. Carpenter St., Chicago, Illinois.

Often the mother is obliged to support her children and good health is necessary. Lydia E. Pinkham's Vegetable Compound is just the medicine you can depend upon. It is a medicine for women's ailments and the relief it brought Mrs. Enrico it may bring to you. Keep well by taking Lydia E. Pinkham's Vegetable Compound.

#### WASHINGTON LETTER.

Washington. — "Senator Glass of Virginia is one of those numerous Democratic leaders who put forth arguments favoring the purchase of commodities of local production without fully appreciating the force of the same argument when applied nationally," says the Republican Publicity Association. "Senator Glass is owner and publisher of the Lynchburg, Va., News, and, like all publishers, does a lot of boosting for his home town and its interests. In a recent issue, the News gives the first column on its editorial page to a plea for the support of the local Chamber of Commerce, a project which, of course, calls for contributions from the pockets of the people of the community. Among the good purposes of the chamber is 'to encourage buying at home and buying home products.'

"Now just analyze the proposition which Senator Glass holds out to his constituents. He wants them to tax themselves to maintain a Chamber of Commerce to induce themselves to buy home products and thus build up their common interests. Yet, in national legislation, Mr. Glass is opposed to a protective tariff, the purpose of which is to levy an import tax in order to induce our people to purchase domestic products as a means of building up our common national interests. If there is any fundamental difference between the two propositions we fail to see it. Mr. Glass and his Democratic associates are in favor of a tax to build up local interests—they are opposed to a tax, part of which, at least, will be paid by the foreigner, to

## FIVE KILLED, FORTY HURT, AS FLYER HITS FREIGHT.

Kansas City, Mo., July 12. — Five persons were killed and forty injured most of them seriously when the Missouri Pacific Scenic Limited flyer, westbound from St. Louis to California collided head on with a local freight near here tonight.

The flyer was running an hour late on its schedule. It left St. Louis at 9 o'clock this morning, after connecting with a Pennsylvania Railroad fast train from New York and Philadelphia. Most of the passengers were from the East, a railroad official said.

Misunderstood orders are believed the cause of the wreck.

## EIGHT CHILDREN KILLED AS "DUD" EXPLODES

Watertown, N. Y., July 13. — Police are searching this city for artillery shells retained as souvenirs of the World War, after the explosion of a three-inch shell, resulting in the death of eight children. The big shell, believed to be a "dud", picked up at the time of target practice of the 104th Field artillery on the Pine Plains range near here, was used as a screen door cheek on the rear porch of the Edward G. Workman house. In the intense heat the T. N. T. charge expanded, according to Madison barracks military officials. It is believed that one of the children playing croquet struck the shell with a mallet or ball.

## THE CHESAPEAKE AND OHIO RAILWAY COMPANY

OFFICE OF THE PRESIDENT

Richmond, Va., July 10, 1922.

To the Federated Shop Employees of The Chesapeake & Ohio Railway Company:

On June 27, 1922, I issued a circular letter "TO THE EMPLOYEES OF THE CHESAPEAKE & OHIO RAILWAY COMPANY", in which I stated that the newspapers carried, as a news item, the information that certain classes of our employees had been requested to vote on the question of whether or not they would accept certain rulings handed down by the United States Railroad Labor Board. It was shown in that letter that the rulings which were questioned had been made by the Labor Board after exhaustive investigation, and due and careful consideration. It was also pointed out that this railroad had, without question, obeyed and put into effect all the rulings of the Labor Board, including increases in rates of pay, and that it was impossible for it to do anything other than to put into effect the disputed rulings, as they had been formulated and handed down by a duly constituted governmental authority—the United States Railroad

Labor Board, acting within its authority.

On July 1, 1922, without any previous notice or advice to the management of this Company, you left your work concertedly. In taking this action, you are striking against the finding of the tribunal established by the Congress of the United States for the purpose of hearing and deciding disputes between Railroad Companies and their employees in order that there will be no occasion for a resort to strikes.

As stated in my letter above referred to, this Company desires to continue to work on the closest basis with its employees, and from personal contact with the employees involved and their representatives, I have reason to believe that you are at heart loyal to the Railway Company, and that since you have had time for more matured thought and deliberation, you are now willing to return to your post of duty.

Manifestly, transportation

by this Railway must, in the interest of those it serves—the public, go on uninterrupted, and to accomplish this, it is necessary that the Railway have and maintain a full complement of shop employees. To this end, and with a view to re-establishing our former friendly relations, we will retain on the seniority lists the names of all employees covered by the Rules now in effect between the Company and the Federated Shop Employees, and preserve to them all the rights seniority entitles them to, provided they return to their post of duty. If employees now on strike do not promptly return to the service, the exigency of the situation will compel us to employ new men.

The Company assures those now in the service, those who resume work, and others who take service with the Company, every practicable protection in the performance of their duties.

W. J. HARRAHAN,  
President.

## STRIKERS SUBMIT THEIR GRIEVANCE TO PRESIDENT

Striking Union Workmen Go Over the Labor Board's Head and Tell President Harding of Their Troubles.

Chicago, July 13. — The strikers' railway shopmen took the bit in their teeth, today, and going over the heads of the Labor Board members went direct to the President with a statement of their grievances. In a telegram to the Chief Executive of the nation the Executive council of the shopcraft unions virtually charges partially on the part of the Labor board and directly and specifically charges violations of law on the part of the railroads. A willingness on the part of the unions to aid in bringing about a just settlement of the controversy is asserted.

Interruptions of commerce and of the mails, the telegram declares, will continue and increase until an adjustment is reached. The telegram is the union's response to the proclamation issued by President Harding that the mails must not be interfered with.

The telegram charges that the Railway Labor Board has fixed wage scales far beneath the standard of a living wage, and contends that the employees are clearly within their rights in striking. It points out that Federal Judge Page has held that decisions of the Labor board on wages and rules are merely advisory.

## RESTRAINT PLEA

HEARING BEGINS. Examination of witnesses for the Stearns Coal and Lumber Company, a Michigan corporation operating coal mines at Stearns, Ky., which is seeking a permanent injunction against the United Mine Workers of America to prevent interference with the company's operations, was begun in federal court at Lexington before Federal District Judge A. M. J. Cochran Wednesday morning.

## THREE DOZEN ARE UNDER TREATMENT FOR DOG BITES.

Louisville. — Thirty-six persons in Louisville now are receiving treatment for rabies, according to Dr. Ellis Owen, city health officer. All of them were bitten by dogs. The health officer will begin to treat persons suffering from dog bites, Dr. Owen announced. Heretofore the burden has fallen entirely on the State Board of Health.

## PRISONER TAKES HINGES FROM DOOR AND ESCAPES.

Cattlettsburg. — A man giving the name of J. J. Williams, New York, fined \$200 and given 30 days in jail after his car had collided with another and whisky was found in his possession escaped soon after being put in jail by removing the hinges of his cell door.

## ASHLAND MAN IS KILLED.

Ashland, Ky., July 12. — Oscar Jeffries, 40 years old, was shot through the heart and instantly killed this morning on the streets of Ashland, Clarence McDonald, 31, is charged with the shooting. McDonald, who is in jail in Ashland, claims he shot in self-defense.

July 15, is the last day for discount of July 1st telephone bills. 6July9t

## PASSED EIGHTIETH MILESTONE.

Quite a little gathering of close relatives and friends assembled for dinner Tuesday at the home of W. E. Collins, the occasion being the 80th birthday of the father of Mrs. Collins, Robert S. Hudson, who on that day completed the four-score. To those who know Mrs. Collins' housewifely skill we need say nothing more than that the spread was equal to the reputation she has always enjoyed, and left nothing to be desired. It is not within our power to reproduce all the pleasant features of the occasion, nor shall we attempt it, but all left with kindly wishes for the guest of honor, hoping that all might be spared to attend his 80th anniversary.

R. S. Hudson asks us to say for him that he is not able to answer all the congratulatory letters, but he wants his friends to know he appreciates them just the same. — Flemingsburg Times-Democrat.

Murray. — A new bank will be opened in Hazel in the near future, according to leading stockholders of the proposed new institution, their application for a charter already having been approved. The bank will be known as the Farmers' Bank of Hazel. The capital stock of \$15,000 already has been subscribed.

Warren, Ohio, July 13. — "There are only two tough men in the world, and I'm both of them," said Leonard Babson to Officer Leach, who accosted him at the show grounds here as Babson was raising a show tent to "peek" in.

Leach didn't agree with him, and now Babson's thinking it over in the city jail.

Messrs. R. A. Cochran, III, and J. H. Cochran left Thursday morning for Red Boiling Springs, Tenn., to spend several days.

July 15, is the last day for discount of July 1st telephone bills. 6July9t
